PRESS RELEASE

Power Tools 11

Premium Sound for Professionals - New 18V Portable Radio / Speaker System EY 37A2

Dynamic Sound, Premium Sound & Tough Body. Using our over 80-years experiences in audio technology and innovation, Panasonic created 'Premium Sound for Professionals'.

High Quality speaker system for clear, dynamic sound

To achieve a clear, dynamic sound the Panasonic EY 37A2 features front located high quality speakers for best audio performance in a compact body. This combined with over 80 years experiences in audio technology development allow optimum tuning giving perfect sound from low to high key.

Easy connect Bluetooth® gives wide range of uses for endless enjoyment

Connect your smartphone or device to our portable radio / speaker system via Bluetooth®. Smartphone apps and web access will allow music listening, digital radio connection, watching movies, YouTube TV and even enhanced telephone calls with microphone APP....

*Bluetooth® standard: Ver 4.0. Class 2 (10m range)

Working outside?.....No problem with tough IP64 body.

We combined our experience of building Tough power tools and audio equipment to achieve the distinctive, robust body design that can be used outdoors.

Not just a clear, dynamic sound.....set the sound to suit your taste.

The EY 37A2 features 5 sound settings to allow you to choose the best tone for the type of music, vocal tones or input. You can even manually set your own preferred levels with Bass / Treble (+ 3 and - 5).

The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Panasonic Corporation is under license. Other trademarks and trade names are those of their respective owners.

Specifications are equivalent of IP64 of IEC60529
