

Specification		18V 5.0Ah
Blade tip speed (no load)	1 (low speed)	120m/min
	2 (mid speed)	140m/min
	3 (high speed)	162m/min
Blade size		730 x 13 x 0.5mm
Maximum cutting capacity (while rotating material)	Round stock	63.5mm
	Rectangular stock	56 x 63.5mm
Dimensions / Weight		Total length 434 x total height 240 x width 199mm / 4.05kg
Capacity (nominal, full charge) * using genuine blade	Electric conduit E25	~600 cuts per charge
	Electric conduit G42	~90 cuts per charge

Portable Sparkless & Clean Cutting

Easy to use even in small spaces!
Variable speed gives precise finish.

Compact for easy access to tight spaces

The compact cutting head means easy access to tight spaces. The easy-to-use balanced design allows for vertical and horizontal cuts, making cutting installed stock a simple task.

Close to walls

Close to ceilings

Adjust speed using the blade tip speed switch

3 speeds available to suit the material being worked on. Avoid overheating the cut for a clean finish.

Blade speed 1 (low speed)
For cutting stainless steel stock, etc.*2

Blade speed 2 (mid speed)
For cutting air conditioner drain pipe, etc.*2

Blade speed 3 (high speed)
For cutting electric conduit, water pipe, etc.*2

*2 With 18V battery pack

Trigger switch (with speed control)
Prevents the blade slipping, making starting a cut easier.

Large guide plate
Stabilised the cutting material

Tough blades for long life

Tough blades

The proprietary, hardened material retains its strength, for a tough, flexible and reliable blade.

Lifespan of 600 cuts to E25 electric conduit (at 18V, 5.0Ah, blade speed 3) (based on Panasonic evaluation)

Rigid frame

The rigid aluminium die-cast frame maintains the rollers controlling blade rotation in a parallel path, ensuring the blade stays in place.

Hook
For temporary storage during a task.

LED light
Illuminates the cutting site in dark areas
